HIGHLIGHTS

- 2nd Runner Up — Rising Fighter Drone Event, Tech Navya 2K26, GLA University
- Title *"Resplendent"* — Awarded at CATJEE Farewell (Udaan'25)
- Certificate of Appreciation — Udaan'25, CATJEE (14 Apr 2025)
- Ultimate Student Award — Dainik Jagran iNext for Class 10th Excellence (2022–23)
- 36-Hour Hackathon — Shivalik College of Engineering (Apr 16–17, 2026)

STRENGTHS

- Leadership & Ownership Mindset
- Stage Anchoring & Public Speaking
- Self-driven Problem Solver
- Fast Learner & Highly Adaptable

Anirudh Kumar

ANDROID DEV · DRONE ENGINEER · AI/ML BUILDER · AZURE CERTIFIED

"Engineering Intelligence. Coding Solutions. Leading with Purpose."

PROFILE

A determined B.Tech CSE (AI/ML) student at GLA University who builds technology that solves real problems — from AI-powered phishing detection to mobile neurological screening tools. Skilled in Android development (Flutter), cloud computing (Azure), and drone engineering, with a consistent track record of competing and winning. Guided by a leadership-first mindset: I take full ownership on stage, in an arena, and behind a keyboard. Actively seeking internship opportunities to grow alongside industry professionals.

EDUCATION

B.Tech — Computer Science & Engineering (AI/ML)

GLA University, Mathura, Uttar Pradesh

Sem 1: 7.25 CGPA

Sem 2: In Progress

Aug 2025 — Expected Aug 2029

Class XII — Science Stream (PCM), CBSE

Little Flower House School, Varanasi

71.6%

2020 — April 2025

Class X — CBSE

Little Flower House School, Varanasi

Ultimate Student Award · Dainik Jagran iNext

2022–23

PROJECTS

AI-PhishGuard

AI · CYBERSECURITY

Phishing detection system combining ML models with rule-based signals to identify malicious URLs, messages, and social-engineering threats in real time. Multi-layered risk assessment far beyond traditional signature tools.

NeuroScreen AI

MOBILE · HEALTHCARE AI

Mobile-first early neurological screening app using cognitive, motor, and voice tests to flag early indicators of Parkinson's, Alzheimer's, and Epilepsy — generating consultation-ready reports to bridge patients and specialist care.

EXPERIENCE & ACTIVITIES

Member — Aeromodelling Club

GLA University, Mathura

2025 – Present

Hands-on drone programming, sensor calibration, and autonomous flight. **Placed 2nd Runner Up** in Rising Fighter Drone Event at Tech Navya 2K26.

Hackathon Participant

Shivalik College of Engineering (ACM Student Chapter) · GLA University Team

April 16–17, 2026

Participated in competitive 36-Hour Hackathon, demonstrating innovation and technical excellence across a sustained overnight engineering sprint.

Student & Event Anchor — CATJEE, Varanasi

June 2021 – April 2025

Anchored Udaan'25 farewell ceremony. Recognised with title **"Resplendent"** & Certificate of Appreciation for commanding stage presence and communication leadership.
